**NEWS RELEASE**

**CLMT's 3Q 2022 net property income up 105.8% to RM38.2 million**

**Kuala Lumpur, 26 October 2022** – CapitaLand Malaysia REIT Management Sdn. Bhd. (CMRM), the manager of CapitaLand Malaysia Trust (CLMT), announced today an increase of 45.9% year-on-year in gross revenue to RM71.0 million for the quarter ended 30 September 2022 (3Q 2022). Net property income (NPI) grew 105.8% year-on-year to RM38.2 million from RM18.6 million in 3Q 2021. The strong performance was largely due to higher revenue contribution across all CLMT properties amidst the continued recovery in retail sentiment and tenant sales.

Distributable income for 3Q 2022 was RM22.2 million and distribution per unit (DPU) was 1.01 sen. For the period 1 January to 30 September 2022 (YTD Sep 2022), distributable income was RM64.3 million and DPU was 2.96 sen.

Mr Lui Chong Chee, Chairman of CMRM, said: "CLMT's improved performance in 3Q 2022 was in line with the overall recovery of Malaysia's retail sector, boosted by the lifting of pandemic restrictions and reopening of international borders. While steady domestic demand is expected to sustain the recovery of Malaysia's economy for the rest of 2022, we are cognisant that increasing global macroeconomic uncertainties may ease the momentum. To this end, CLMT will remain proactive in maintaining healthy portfolio occupancy and sustainable rental income while ensuring cost efficiencies and keeping a lookout for opportunities to diversify income streams."

Mr Tan Choon Siang, CEO of CMRM, said: "Driven by better operating performance across all the properties in our portfolio, CLMT's 3Q 2022 gross revenue and NPI recorded significant improvements year-on-year. Sustaining the positive momentum from the preceding quarter, portfolio retail sales for 3Q 2022 continued to trend above the average pre-pandemic level in 2019, while portfolio occupancy as at 30 September 2022 rose to 83.1%. The higher occupancy was underpinned by a newly secured supermarket anchor tenant for 3 Damansara."

"We expect to complete the acquisition of our first logistics asset, which is located in a well-established industrial hub in Sungai Jawi, Penang, in 4Q 2022. The acquisition marks the start of CLMT's strategy to invest in well-connected and high-quality industrial and logistics assets in key regions, which offer stable income growth, supported by Malaysia's growing importance as a regional logistics hub. With our healthy balance sheet, we are actively exploring yield-accretive investment opportunities, be it in existing or new asset classes, in pursuit of inorganic growth. Given the macroeconomic uncertainties, we will remain prudent in our capital management and review any investment opportunity with financial discipline."
